layer)

not just tour guides

Peer-to-peer network

SEE CITIES THROUGH THE EYES OF LOCALS

Kochi — Where Art Escaped the Gallery
"Your buddy is an artist from Mattancherry who paints murals and brews filter coffee. You skip the Biennale brochure and walk through lanes where abandoned warehouses turned into studios."

Lucknow — Courtyards, Kebabs & Nawabi
Grace

"You're invited to a home where biryani doesn't come with a QR code. Your Nukkad Buddy's nani insists you try her secret galouti recipe — because food is trust."

Who Is This For?

Foreign travelers
seeking authenticity

Indian solo
explorers

 Business travelers in Tier-2 cities

Understanding Art & Collab

HOW IT WORKS

TRAVEL LIKE A HUMAN. CONNECT LIKE LINKEDIN. CHILL LIKE INSTAGRAM.

1. Pick a city — then flip a coin:

Will you decide the vibe, or let your Nukkad Buddy take the lead?

🎨 Street art? 🍲 Food crawl? 📷 Hidden rooftops? 🎧 Live gigs?

2. Get matched with a Nukkad Buddy or Buddies
Someone who knows the city like their playlist and
wants to share it with you 🔥

3. Meet up, hang out, and see the city their way — or
yours. No awkward tours. Just real convos, authentic
places, and spontaneous plans.

4. Leave with a memory, a friend, and a new story to
tell. Because every connection is a new chapter.

REAL INDIA. NOT JUST TOURIST INDIA.

GO BEYOND MONUMENTS. MEET THE PEOPLE
WHO MAKE CITIES MAGIC.

IT'S NOT JUST SIGHTSEEING — IT'S A STORY
SHARED.

ॐ Varanasi – The Ghats, but
Through a Local Lens. Instead
of a tour, you walk with a
Sanskrit student who tells you
why one temple matters more
than ten. Then share chai on
the steps of silence.

🧶 Bhuj – Mud Homes & Master
Crafts
A young artisan shows you how his
family weaves stories into every
thread. Then you help him pick
fabric for a wedding gift — for
someone you've never met.

🎧 Shillong – Hills, Momos &
Indie Rock
It starts with a college hangout
over momos, ends with an
invite to a jam session on
someone's rooftop. Welcome
to the Khasi underground.

🖌️ Kochi – Where Sea Breeze
Meets Street Murals
Your buddy is an art school grad
who hosts pop-up galleries in old
spice godowns. You skip the
guidebook and follow color trails
down alleys only locals know.

WHO'S EARNING, WHO'S VIBING,

and Why It Feels Good ?

This ain't a platform. It's a people-powered circle where value flows in every direction.

THE TRAVELER

- Drops ₹199 to unlock city-wise access to the coolest locals.
- Doesn't feel like paying for a guide — it feels like treating a friend to coffee who just made your trip 10x better.
- Finds stories, not just sights. And leaves with a new contact, not just camera roll clutter.

THE BUDDY

- Earns a little extra hosting walks, food trails, rooftop poetry sessions, flea market days — things they already love doing.
- Feels seen. Feels hyped. Feels like a local celeb in their own city.
- Builds a profile, a rep, and a community.

US (AKA NUKKAD HQ)

- Take a small cut from premium subs and paid experiences — just enough to keep things buussin'.

Feel good knowing we are helping travelers meet good people, not get scammed at a fort gate.

- Grow the network, not just bank account (well, both, but in that order).

The Opportunity – A Travel Revolution in India

Massive Rebound: India saw 2.51B+ domestic trips in 2023, up from 610M in 2020

\$231B Industry: India's travel & tourism market projected to hit \$75B+ domestic spend by 2027

People > Places: Post-COVID, 81% of travelers want local immersion over touristy checklists

Loneliness Era: 51% of people feel lonely; travel is now a cure for isolation – connection is currency

New-Age Travelers: Gen Z & millennials now favor solo, local, slow travel; 10M+ Indians identify as backpackers or nomads

Tier-2 Cities Rising: Demand shifting beyond metros – 38% of new hotels now opening in Tier-2/3 towns

Competitive Landscape – The Missing Piece

💡 No one combines all 3 — Nukkad is the missing layer between community, trust, and economic value.

Why We Will Win?

India-first, emotion-forward. Built for desi hearts, not imported models.

We speak chai, not cappuccino.

🧑🏻🧑🏻 Cultural resonance > tech stack

We don't just scale features — we scale feels.

🎉 Fun brand = Human trust

This isn't another app. It's a vibe. A face. A dost.

📱 No infra? No problem.

Runs on social. Not servers. Our MVP is DMs, Notion & vibes.

📈 Social proof engine

Powered by Insta tags, reels, city stories & referrals.

Word-of-mouth > ad budget.

🌊 Tier-2 Cities = Blue Ocean

Everyone's fighting for Goa. We're building in Gwalior.
